

## All Saints' CE Primary School

### Homework Presentation 8 February 2017

A huge thank you to the parents who attended today's homework presentation and the positive feedback given.

We have attached the brief powerpoint presentation and also the revised Homework Policy and website information.

After February half term each Pupils year group part of the website will have links and information to help you support your child with home learning.

We have tried hard to ensure that homework at All Saints' is purposeful, manageable and develops independence while consolidating learning at school. We fully appreciate that there are parents with differing views about homework but we have tried to ensure that homework is accessible to all. We have also given links to additional websites for those parents who would like to access further learning.

Many thanks

Mrs M Robinson
