

Teaching independent swimming from birth...

Every child is different and learns to swim at their own pace and we are the only swim school that tailors activities to grow with your child.

...that's the Puddle Ducks difference.

Why is teaching your child to swim important?

The physical & mental advantages gained from swimming are well documented. Here are some key facts about how it benefits your child:

- It provides a complete physical workout, strengthening your child's heart, lungs and respiratory system
- Learning to respond to key words can make your child sharper mentally, increase levels of awareness and understanding and improve communication between you
- Swimming facilitates development of crucial higher brain functions, core muscles and co-ordination
- You and your child feel relaxed and confident in the water.

We want every child to love swimming, respect the water and swim beautifully. That's why our standards are the highest and our approach is unique.

At Puddle Ducks, our highly trained and qualified teachers are experts at identifying children's levels of ability and adapting activities to the individual, nurturing confidence and encouraging natural ability.

#differentwimschool

Our lessons are taught in specially selected pools with limited class sizes, classes incorporate rhyme (our bespoke songs have been written by professional musicians) and movement based on extensive child development research.

Our programmes and teacher training are continuously developed in the latest techniques, ensuring our teaching standards remain the highest.

We're a proud member of the Swimming Teachers' Association
