

Foundation Home Learning Plan Week Beginning 6th July, 2020

Sports Day!!

We thought it is such a shame to be missing out on Sports Day this year so this week we thought we would have a Sports Day theme and you can hopefully have lots of fun testing your athletic abilities in your garden or at the park!

Literacy

Listen to the story 'Mr Men Sports Day' read by Mrs. White on the All Saints' website. Talk about what happened in the story. What are some of the silly things the people of Nonsenseland do to prepare for Sports Day? Can you remember any of the races? Why were they silly? Which was your favourite race? Are there any races that you would like to have a go at? Can you think of your own silly races?

Activity:

Write down and complete the following sentences:

My favourite race was.....

I thought it was funny when......

My own silly race would be......

I would like to be (insert Mrs Men / Little Miss character) because they would be good at.....

Phonics

Recap all the letter sounds, particularly the digraphs qu, ch, sh, th, ng. On a whiteboard, challenge your child to write simple words containing these sounds, eg queen, quack, quiz, quit, chop, much, chat, chick, rich, shop, shell, shed, fish, wish, shark, this, that, think, with, bath, moth, sing, hang, rung, king, long.

Play **qu,ch,sh, th, ng read and race board game**. See link on home learning page.

Numeracy-

Ordinal numbers

Set up a pretend sports day for your cuddly toys (no more than about 6 in a race). They could do a hopping race. Roll a dice and move an animal that many hops/jumps towards the finish line. Repeat for the next animal and so on.

When the first animal crosses the finish line, give them a $\mathbf{1}^{\text{st}}$ rosette. The second animal to finish is awarded the $\mathbf{2}^{\text{nd}}$ rosette and so on.

You can make your own rosettes or follow the link and print some off.

Numeracy

Follow the link 'Ordinal Numbers' on Topmarks then play the different games.

http://resources.hwb.wales.gov.uk/VTC/ordinal_numbers/eng/Introduct/default.htm

See hide-a-saurus cut and stick activity sheet. Cut and stick the ordinal numbers in the correct order from 1st to 10th.

Extra ideas for the week:

See Mr Thorton's All Saints Sport's Day challenges, situated on the Home Learning page. All the details are on there for you.

Make a yummy, healthy fruit salad. https://www.netmums.com/recipes/fresh-fruit-salad-for-kids

Tiles

Mon

Literacy Hopefully by now, you might have had a go at some of Mr Thornton's sport's day challenges. What did you enjoy the most? What did you find a bit tricky? Most importantly, did you have fun? Draw a picture of your favourite activity and write a couple of sentences about what it was and why you liked it. Phonics Recap over all letter sounds, especially the vowel digraphs such as ai, oa, oo, ow, ou, ee, or, oi, ar, er. Next write short sentences to go with the pictures see link on home learning page. Action Words

How many action words can you recognise in 1 minute?

Write a selection of sentences and your child inserts the correct action words so that it makes sense. Have some prewritten words such as *and*, *the*, *my*, *are*, *said*, *going*, *play*, *they*. Write a sentence but omit the action words e.g. "we going to football" Dad. (omitted words: are, play, said)

A further challenge would be to write the words instead of inserting the word cards.

Keeping Healthy

In order to keep our bodies healthy it is important to exercise and to eat a healthy diet. Can you think of some healthy foods to eat? Some not so healthy?

Download the link to the healthy eating lunch activity on home learning page. Cut out and stick the healthy foods to go in your lunchbox.

Numeracy

Play *Tractor Race* on Education City. (F2 Maths)

Line up 10 different animals or vehicles in a row. Have ordinal numbers 1-10 (1st 2nd 3rd etc). Place the 1st and 10th cards on the floor to show who the first animal is and who the tenth is. Then place the rest upside down on the floor. As your child selects the number, they read it aloud and then work out where in the row they place that number, counting up from one if necessary.

Arts and crafts - medals

Make a selection of medals out of different materials: bottle tops painted gold / silver or coloured card and decorate with glitter, sequins etc. You could add a message and give to your friends and family such as No1 Mummy; best Daddy; kindest sister; loveliest brother; amazing friend. Add ribbon so they can be worn around the neck.
