(School/home)

Have a think about some of your favourite foods. Spaghetti? Pizza? Burgers? Chat to your mummy and daddy. What were their favourite foods when they were little? What were grandma and grandad's favourite foods when they were little? Did they have lots of different types of foods to choose from when they were little like you do today?

Nowadays we are lucky to have a huge variety of different foods to eat which come from different countries around the world. Where does your favourite food come from?

Have a go at matching the food with its country of origin (where it comes from) on the worksheet on the resources page. To do this you can do some of your own research or use the PowerPoint.

Extension. Can you find the countries on a world map?

Research of own food

You are going to carry out some research into either the food from a particular country e.g. (Italy/China/India/Greece) or research a chosen food from somewhere in the world e.g. Chocolate/bananas/coconuts. Make notes about your food. What it is. Where it comes from. What food is eaten there. Use information books, recipe books or the internet.

 The following websites have information about world food.

<https://www.kids-world-travel-guide.com/>
<https://www.kids-world-travel-guide.com/food-facts-for-kids.html>
<https://www.sciencekids.co.nz/sciencefacts/food.html>

You could find out what countries eat for breakfast or lunch or what food is eaten for certain celebrations. The world is your oyster!

Party Time
(See Friday's English)

Party food is a big part of a party. Think about the world food you have written about. You are going to design a party invitation and a party menu.

The party could be for your family or for a teddy bear's picnic. Have a look at the ideas below. Be creative but don't forget it represents your food/country.
